Men's Pull On Safety Boots

- Waterproof Pro construction with waterproof full-grain leather
- Rebound foam insole; ATS MAX comfort technology
- Mesh lining; Six-row upper stitch; Goodyear welt
- Shock-absorbing EVA midsole with ESS extra protection and support
- Oil/slip resisting Duratread outsole
- Carbon toe is F2413-11 M I/75 C/75 EH rated for safety
- Non-metallic toe for electronic security working conditions
- 1.5" and 90 degree stockman heel
- Patented U-Turn entry system makes pulling on ease
- 11" shaft height

ASTM F3445-21

\$230.00 Ariat 10024968

These waterproof, composite toe work boots are built to handle long days in wet, demanding conditions. Durable materials help block moisture while a supportive fit delivers stability and comfort throughout the workday. Designed for dependable performance, they keep you moving no matter the conditions.

This Men's 12" Waterproof Nano Toe Western Work boot provides you the support and safety you need to survive the work day. This western work boot is handcrafted in traditional western boot profiles using signature full-grain leathers, air-mesh lining, taped seams, and a Twisted X® patent-pending CellStretch® comfort technology for superior comfort. These comfort features are paired with a waterproof lining, double-stitched storm welt, reinforced pull holes, and an EH-rated oil and slip resistant molded rubber outsole to produce an industry leading work boot. Nano Composite Safety Toe meets or exceeds ANSI standards ASTM F2413-18 M/I/C EH. Our Nano Safety Toe is made with carbon nanotubes woven together to create one of the strongest and lightweight safety toes, while still providing protection, comfort, and durability. Twisted X® Western Work boots provide all the comfort and durability that you need to outperform any demanding work environment.

ASTM F3445-21

\$224.00 Twisted X MXBNW01

These steel toe western work boots are a fusion of iconic style and modern protection, engineered to meet the rigorous demands of your work. Meet any challenge head-on with safety features like built in electrical hazard protection and slip-resistant outsoles that meet the ASTM F3445 standards. Plus, a defined heel gives a western flair without sacrificing stability. The iconic Goodyear Welt Construction is among the best at preventing water from entering the soles at the seams, paired with Hydrotex™ waterproofing and moisture-wicking lining.
